He wanted the board to consider no work being allowed on the property until the 2 cases are finalized. He said the land could never go back to its original order. The Supervisor said the town was first notified until 2 days ago. Putnam County gave the permit and the Supervisor said he will take the comments under advisement.

A question was raised on why the fine was so low for the wetlands violation. The Supervisor said the property was next to Red Rooster and that the fine amount was the allowed amount according to the Fee Schedule. The Board is going to address the issue in the upcoming fee schedule for the next year.

Mrs. Ekhardt said she like when the Town Board announced vacancies and asked them to continue.

In regards to the Sheriff Contract, the supervisor said that some of the language needed to be changed. The Sheriff is the supervisor of the patrol and there will be an additional car. The presentation of the budget was questioned and the Supervisor read a memo from the Town Counsel regarding the same. When asked if it will be presented in a public forum in the future the Supervisor said he will take notice of it in the future. Mrs. Ekhardt asked if Drewscliff House could be reinstated to the historic sites. Supervisor Dunford said that he will make sure that no demolition will be done and he will work on it in next week. When asked if the Board will interview for the consultant for the municipal office space, the supervisor said there is no need to do so since it is consulting. Supervisor Dunford said the Board was very disturbed by the procedure regarding the removal of the barns on Welfare Road. He wants an amendment to the code to reflect that nothing should will be demolished until the project returns to the Planning Board.
