

Town of Southeast  
Recreation Committee Meeting  
August 15, 2007

Present:     Robert Cullen  
              Fred Delfay  
              Billie Froessel

Also Present:     Keith Greene - ALA Architects

The committee discussed that the Mt. Ebo site be eliminated due to the fact that it would require various wetland permits based upon discussions with the Town Wetlands Consultant which could be unpredictably time consuming and could be costly.

The Independent Way site was more thoroughly discussed. It is more centrally located and served by utilities. It is also available to the Town immediately.

The Committee will recommend to the Town Board that the Independent Way site be the subject for the Town of Southeast Recreation/Senior Center.

The next meeting has been tentatively scheduled for August 22, 2007 at Lakeview Manor at 7:00 p.m.
