

# 2011 Brewster Bruins Youth Football

## Mission Statement

The mission of the Brewster Bruins Youth Football program is to introduce the sport of football to the children in our community. We strive to develop solid fundamentals, discipline, good sportsmanship, strong character and respect for the Team. Our goal is to help develop these important life skills while maintaining balance by remembering that this is a game for children. While we aim for success, we want to promote a positive and fun experience in a safe environment which we hope will develop a passion and enthusiasm for Brewster Football.

Mike DiCanio

Bruins President
