

Tonetta Lake Advisory Committee Meeting September 19, 2005

7:30 PM – 8:30 PM

Attendees:

Don Hazen - Chairman
Karen Ratajack
Robert Lund
Paul Johnson – Town Board Representative

Visitors:

Robert Tiburcio
Tricia Toback
Beth Briggs - Graphics Artists (briggzer@mindspring.com)

- **Carp Update** – Paul Johnson gave an update on the status of the carp, the new location of the carp fence and the belief that DEC approval is imminent; as of 9/26th approval was still pending. The new location was finalized at meeting on September 12th with the Highway Superintendent, Town Assessor, Paul Johnson, Town Engineer and Bob Zubricki as well as Jim Williams, the carp fence fabricator. Paul Johnson also talked about the budget. The committee talked about the process going forward. Don Hazen talked about the urgency of getting carp in place due to the aquatic vegetation. Lilly pads are growing in places that didn't have it in the past.
- **2006** – Projects for 2006 include addressing debris removal (i.e. timbers), situation issues, and replacing the drain (adjacent to the dam).
- **Clean Lakes Grant** – Talked about the mechanics for obtaining the grant. Maximum is \$5,000 match. Paul will work up an application in time for next meeting.
- **ISCO Deployment** – Don Hazen gave an update on the ISCO unit and getting a sample. A map from the Highway Superintendent was also reviewed to prioritize storm water testing. Still waiting for a significant storm event.
